## Important information

### What's an Accountable Care Organization (ACO)?

Fallon Health-Atrius Health Care Collaborative (FACC) is a MassHealth Accountable Care Organization (ACO) Partnership Plan. It's made up of Fallon Health—the health plan, and Atrius Health—the medical provider. Atrius Health includes the practices of Dedham Medical Associates, Granite Medical Group, Harvard Vanguard Medical Associates, and PMG Physician Associates. Fallon Health is a leading health care services company that has been caring for MassHealth members for over 45 years.

An ACO is a health plan that's accountable to provide you with high-quality care. An ACO helps you meet your health goals. ACOs have groups (networks) of Primary Care Providers (PCPs) and other providers. They work together to meet your overall health care needs. In an ACO, your PCP and their team is responsible for working with you and your other providers. This coordination will help you get the right care at the right time.

### What's the service area for FACC?

You must live in the FACC service area to be enrolled in FACC. It includes many cities and towns in Essex, Middlesex, Norfolk, Plymouth, Suffolk, and Worcester counties. For a complete list of cities and towns, see your *Member Handbook*.

### About this provider directory

This provider directory is arranged in sections.

- On pages vii-x is an alphabetical listing of Massachusetts hospitals with emergency room services located in all areas of the state. If you need to access emergency care, you can go to any of these hospitals without a referral. An alphabetical listing of FACC's contracted network hospitals can be found on page 1054.
- On pages xi-xvii is an alphabetical listing of statewide behavioral health (mental health and/or substance abuse) emergency services program (ESP) providers located in all areas of the state. If you are having a behavioral health crisis/emergency, you can access any of these services programs 24 hours a day, seven (7) days a week. No referral is necessary for emergency behavioral health services.
- On pages 511-541 is an alphabetical listing of all the towns where FACC PCPs are located. There's an alphabetical listing of FACC PCPs arranged by primary care type. Each provider's entry includes the following applicable information:

His or her name	Handicapped accessibility	Languages spoken
Address	Open, closed or limited panel	Medical interpreter services
Phone number	Interpreter services	Office hours
The hospital(s) to which he or she can admit patients	Areas of special experience, skills and training	Braille and sign language service
		Cultural competency training

- Pages 542-1021 include an alphabetical listing of all FACC contracted specialty providers. Each provider entry includes the same information as listed above.
- Pages 1-510 include an alphabetical listing of all FACC contracted behavioral health providers. Each provider entry includes the same information as listed above, as well as licensing information.

The information contained in this book is current as of the date of printing. For the most current listing, you can visit [fallonhealth.org/atriushealth](http://fallonhealth.org/atriushealth) to search for providers online. Simply click on "Find a doctor," and in the Advanced Search section, select FACC in the "Search a specific plan's network."

Copies of this provider directory are available in Spanish, large print and other alternate formats like Braille by calling Fallon's Customer Service Department at 1-866-473-0471 (TRS 711), Monday through Friday from 8 a.m. to 6 p.m. You can also call this number to have this Provider Directory read to you in English or in other languages, or if you are looking for a particular physician who is not listed here.

Some providers are accepting a limited number of new patients. We have indicated this status with a lowercase "l" (l) following these providers' names. However, it's always best to check with each provider to be certain he or she is accepting new patients.

Below is a legend to explain the statuses indicated throughout the directory.

Status	Explanation
l	Accepting a limited number of patients; call provider office
c	Closed to new members
cc	Cultural competency training
h	Handicapped accessible
i	Interpreter services
b	Braille and sign language services
mt	Medical interpreter services
tp	Available by mass/public transportation
v	Available for routine vision services

### **Choosing a primary care provider (PCP)**

In an ACO, your PCP and their team is responsible for working with you and your other providers to manage your basic health care needs. Each family member covered by FACC must select a PCP. You can choose from among these types of PCPs:

- A provider of internal medicine for adults
- A provider of family practice for adults and children
- A pediatrician for children (usually up to age 21)

If you need to change your PCP, you can do so by calling Fallon Customer Service at 1-866-473-0471 (TRS 711), or by visiting [fallonhealth.org/atriushealth](http://fallonhealth.org/atriushealth). To search for providers online, simply click on "Find a doctor," and in the Advanced Search section, select FACC in the "Search a specific plan's network."

## Specialty care providers and referrals

Whenever you need to see a specialist, either in the FACC network or in any of the Fallon Health networks, you must get a referral from your PCP. For example, if you need to see an allergist, a doctor that takes care of you when you have allergies, your PCP will arrange a referral for you. Generally, you may not set up an appointment with a specialist without first consulting your PCP. In some cases, you don't need to get a referral. For example, you can receive behavioral health services, OB/GYN services, family planning services and eye exams without calling your PCP first.

Family planning services can be obtained from any contracted FACC provider, including your PCP or an OB/GYN provider located at a community health center, multi-specialty group practice or individual office, without a referral. This includes birth control methods as well as exams, counseling, pregnancy testing and some lab tests. Call Fallon Customer Service at 1-866-473-0471 if you need help finding a provider for family planning services.

If you need behavioral health services, you may choose any provider in FACC's behavioral health network. You can make the appointment on your own or call Carelon Behavioral Health Strategies, LLC at 1-888-777-1207 (TTY: 711), Monday through Friday 8 a.m. to 6 p.m., to help you find a provider. Or, visit them online at [www.carelonbehavioralhealth.com](http://www.carelonbehavioralhealth.com). You may also ask for assistance from your PCP.

Preauthorization may be required from your PCP for acupuncture services. If you are seeking these acupuncture services for detoxification treatment, please contact Carelon Behavioral Health at 1-888-777-1207 (TTY: 711), Monday through Friday 8 a.m. to 6 p.m., to help you find a provider.

To search for specialty care or behavioral health providers online, simply click on "Find a doctor," and in the Advanced Search section, select FACC in the "Search a specific plan's network."

See the section entitled "We'll help you pick a primary care provider" in your *Member Handbook* for information about scheduling health care appointments as well as information about referrals and authorizations.

## What are Community Partners (CPs)?

Community Partners are community-based health care and human service organizations that partner with MassHealth Accountable Care Organizations (ACOs), like Fallon Health-Atrius Care Collaborative (FACC) and support MassHealth's commitment to:

- Improve member experience, continuity and quality of care
- Promote collaboration to address social determinants that impact an individual's stability and wellbeing
- Strengthen communications and care coordination across health, behavioral health, long term services and supports, and social service needs
- Support individuals with disabilities to live in the community independently

There are two types of CPs: Long-Term Services and Supports CPs (LTSS CPs) and Behavioral Health CPs (BH CPs). LTSS CPs provide care coordination support for people with complex long-term services and support needs. This includes members with physical disabilities, traumatic brain injury, intellectual or developmental disabilities and others. BH CPs provide appropriate treatment and recovery support for individuals with complex behavioral health conditions. *Please note that members can only access CP providers if they are identified as being eligible.*

## Emergency and post-stabilization services

*Emergency and post-stabilization services do not require referral or authorization.* When you have an emergency health condition, you should go to the nearest hospital emergency room or call your local police department, fire department, or 911. You can find a list of statewide hospital emergency rooms beginning on page vii of this directory. For behavioral health emergencies, you may also call your local behavioral health emergency services program (ESP) provider. A list of statewide ESP's is located in this directory beginning on page xii. You should notify your health care provider about your emergency as soon as possible. You or someone else should call to tell your PCP about your emergency care within 48 hours and, if you experienced a behavioral health emergency, someone should contact your behavioral health provider within 48 hours. For more information on emergency benefits and plan procedures for emergency services, see the section titled "We'll help you pick a primary care provider" in your *Member Handbook*.

## Getting care when you travel

You are covered for emergency services, post-stabilization services and urgent care services, such as injuries and sudden illnesses, wherever you travel, even if you are outside of FACC's service area. If you become seriously sick or hurt while you are away, go to the nearest doctor or hospital emergency room or call 911. Be sure to call your PCP, and, if applicable, your behavioral health provider, within 48 hours of receiving emergency, post-stabilization or urgent care while you travel. Routine care when you travel is not covered. For more information on getting care when you travel, consult your *Member Handbook* in the section titled "Getting care when you travel."

## If you get a bill

As long as you go to a FACC network provider or have FACC's approval to go to an out-of-network provider, your provider cannot bill you for a service that is covered under the FACC MassHealth ACO Partnership Plan. But, if you get a bill for services you got from a provider, contact the Fallon Customer Service Department at 1-866-473-0471. A representative will help you with the bill. For more information on what to do if you get a bill, see the section titled "Important things to remember about FACC" in your *Member Handbook*.

## Care Connect

There is no such thing as a bad question—especially when it comes to your health. Medical questions can arise at any time, day or night. Monday through Sunday—even holidays. Care Connect gives you access to nurses who can answer health questions. They can also help you decide if you should go to the emergency room. Care Connect can give you:

- Health education and at home treatment options for less severe conditions
- Referral to your doctor or other clinical office for non-urgent care.
- Assistance with scheduling in office or virtual doctor appointments
- After hours paging of your doctor for urgent needs
- Assistance with Urgent Care appointments
- Referral to the Emergency Room when needed

Care Connect is a valuable resource provided to members, but **should not replace a visit with your primary care provider (PCP)**. Depending on the problem, Care Connect may help you schedule an appointment with your PCP after the call.

Care Connect is available 24 hours a day/7days a week. Call 1-800-609-6175 (TDD/TTY: 1-800-848-0160).

Atrius Health provides access to telephone medical advice 24 hours a day, 7 days a week. All you have to do is call your primary care office. After regular office hours, follow the prompts to connect with our team of medical staff who answer calls and provide medical advice and information by phone. If necessary, our staff can consult an on-call Atrius Health physician, advise you to visit the emergency room, or schedule you for a weekend/holiday [urgent care appointment](#) at one of the practices with Urgent Care.

## **Behavioral Health Providers**

Behavioral health services range from outpatient/home services to inpatient and 24-hour diversionary services programs. To get services and/or find a provider, you can call Carelon Behavioral Health Strategies, LLC at 1-888-777-1207 (TTY: 711). In a behavioral health emergency, call 911, go to an emergency room or contact your local emergency services program (ESP) provider. A statewide list of ESPs can be found in this directory under the heading "Behavioral health emergency services program (ESP) providers." Always notify your behavioral health provider and your PCP as soon as possible after an emergency.

Fallon Health Customer Service: 1-866-473-0471 (TRS 711) M-F, 8 a.m. - 6 p.m. Or visit us online at [fallonhealth.org/atriushealth](http://fallonhealth.org/atriushealth). For information about behavioral health providers, please call Carelon Behavioral Health at 1-888-777-1207 (TTY: 711), M-F, 8 a.m. to 6 p.m. Or visit them online at [CarelonBehavioralHealth.com](http://CarelonBehavioralHealth.com)

## Counseling providers

If you think you should see a behavioral health provider, you should first speak with your primary care provider (PCP). However, you can choose to make an appointment yourself with a behavioral health provider. No prior authorization is required for the first 12 visits. However, after that you would need prior authorization from the plan. If you need help finding a behavioral health provider, please call 1-888-777-1207 (TTY: 711). All outpatient behavioral health providers offer 24-hour on-call coverage.

## Inpatient and 24-hour diversionary services programs

All inpatient behavioral health and 24-hour diversionary services facilities are open 24 hours a day, 7 days a week. MassHealth requires you to be evaluated by an Emergency Services Program (ESP) provider before you can be admitted to an inpatient behavioral health or 24-hour diversionary services facility. A listing of ESPs can be found in this directory under the heading "Behavioral health emergency services program (ESP) providers".

## Primary care

Your primary care provider (PCP) provides and coordinates your care. You may call your PCP's office 24 hours a day, 7 days a week. If your PCP is not available, another healthcare provider will help you. Some internal medicine providers offer basic gynecological care for female members. Some family practice providers offer obstetrical care. You should call the provider's office to find out if those services are provided. Women may choose an obstetrician/gynecologist as a PCP.

## Specialists

In most cases, you may see specialists only when referred by your PCP. Generally, you may not set up an appointment with a specialist without first consulting your PCP, with the exception of OB/GYN and family planning services which do NOT require a referral.
